INDEX

Accessory factors, in nutrition of rat (Harden and Zilva) 408
Accessory factors. *See also* antineuritic, antiscorbutic, growth promoting and water-soluble
Acetone bodies of the blood in diabetes (Kennaway) 120
Acids, effects of, on growth of *B. coli* (Wyeth) 382
ACKROYD, H. Obituary notice of (Hopkins) 1
Adsorbents, differential behaviour of antineuritic and antiscorbutic factors towards (Harden and Zilva) 93
Alcoholic fermentation, formation of phosphoric esters during (Lebedev) 87
Aldehydes, colour test for (Fearon) 179
Amino-acids (Dakin) 290
Amino-acids, phosphotungstates of (Drummond) 5
Antineuritic factor, behaviour towards adsorbents (Harden and Zilva) 93
Antiscorbutic factor, behaviour towards adsorbents (Harden and Zilva) 93
Antiscorbutic factor in lemon-juice (Harden and Zilva) 259
Antiscorbutic properties of dried cabbage (Delf and Skelton) 448
Antiscorbutic properties of raw and heated cabbage (Delf) 416
Antiscorbutic value of cow's milk (Chick, Hume and Skelton) 131
Antitoxic sera, concentration of, by heating and adding sodium chloride (Homer) 190
Antitryptic action of blood serum (Young) 499

Bacillus coli, growth of, effect of acids on (Wyeth) 382
BARGER, G. and TUTIN, F. Carnosine, constitution and synthesis 402
Bases, phosphotungstates of (Drummond) 5
Blood, acetone bodies of, in diabetes (Kennaway) 120
Blood, viscosity of (Trevan) 60
BRADFORD, S. C. On the theory of gels 351

Cabbage, dried, antiscorbutic and growth promoting properties of (Delf and Skelton) 448
Cabbage, phytosterol, search for, in (Ellis) 154
Cabbage, raw and heated, antiscorbutic and growth promoting properties of (Delf) 416
Cabbage seeds, phytosterol of (Ellis) 154
Calcium ions, effect of, on growth of mouse carcinoma (Cramer) 210
Carcinoma, transplantable of mouse, effect of sodium and calcium ions on the growth of (Cramer) 210
Carnosine (Barger and Tutin) 402
CHICK, H., HUME, E. M., and SKELTON, R. F. The antiscorbutic value of cow's milk 131
β-Cholestanol (Ellis and Gardner) 72
Colostrum, cow's, relation between euglobulin and pseudoglobulin of (Dudley and Woodman) 339
Colour test for aldehydes (Fearon) 179
Cooking, methods of, employed for dried legumes (Masters) 231
COOPER, A. E. *see* COOPER, E. A.
COOPER, E. A. and COOPER, A. E. On the importance of geological factors in sewage purification 275
Cow, colostrum of, proteins of (Dudley and Woodman) 339
Cow's milk, antiscorbutic value of (Chick, Hume and Skelton) 131
CRAMER, W. On the biochemical mechanism of growth. The effect of sodium and calcium ions on the growth of a transplantable mouse carcinoma 210
Creatine excretion in ruminants (Orr) 221

DAKIN, H. D. On amino-acids 290
DELF, E. M. The antiscorbutic value of cabbage. I. The antiscorbutic and growth promoting properties of raw and heated cabbage. With an appendix by TOZER, F. M., on the histological diagnosis of experimental scurvy 416
DELF, E. M. and SKELTON, R. F. The antiscorbutic value of cabbage. II. The effect of drying on the antiscorbutic and growth promoting properties of cabbage 448
Diabetes, acetone bodies of the blood in (Kennaway) 120
Digestion of proteins of meat by dogs with ligatured carotids (Zunz) 42
DRUMMOND, J. C. A study of the water-soluble accessory growth promoting substance. II. Its influence upon the nutrition and nitrogen metabolism of the rat 25
DRUMMOND, J. C. Observations on the phosphotungstates of certain bases and amino-acids 5
DUDLEY, H. W. and WOODMAN, H. E. The proteins of cow's colostrum. Part I. The relation between the euglobulin and pseudoglobulin of cow's colostrum 339

ELLIS, M. T. Contributions to our knowledge of the plant sterols. Part I. The sterol content of wheat (*Triticum sativum*) 160
ELLIS, M. T. Contributions to our knowledge of the plant sterols. Part II. The occurrence of phytosterol in some of the lower plants 173
ELLIS, M. T. The examination of the faeces of rabbits fed on a diet of cabbage for the occurrence of a phytosterol, including a note on the phytosterol in cabbage seeds and that in grass fruits 154
